Ken,

We need the contractor (Deborah Stanley if possible) to look at the three file groupings in the disk we put together for DoJ on Griggs & Walnut (for reference, see attachments above) and pull up the metadata from the SEMS entry page for every doc ID that is Confidential or Controlled. We want to see the explanation field that explains why it is Confidential or Controlled.

Thanks,

Ken,

Please have Toerek add additional documents to the Enforcement Record for Griggs & Walnut, SSID #06HZ, and have them use the 'Idex UAO AR 12.13.2016' Enforcement Record format for the Griggs Enf Record (see attached). We need the competed record in SEMS to access electronically by COB

Tuesday, October 10. The additional documents are located in the folder at the link below.

Dave,

Can we get a contractor to put our enforcement record for the new Griggs UAO in a format like the attached?

I will send the documents for the enforcement record in a minute.
